

“Sisterhood, Service and SAFETY”

Operation DELTA—Sorors, COVID- 19 has not left our community. We must all remain vigilant in *evidence-based science* related to continued safety precautions. There is no way to know any one person's status, the national Delta Emergency Response Team is recommending and encouraging all members to continue using the 4 W's;

Wash your hands,

Wear your mask,

Watch your social distance

Weekly testing

Create small “ANTI-COVID” personal packs, which can be sealed tightly and placed in your purse, car or travel bag. *Make it a family activity* ☺

- ◆ Use small travel sizes
- ◆ Bottle of hand sanitizer at least 70% isopropyl alcohol
 - Anything less is NOT EFFECTIVE
- ◆ Gloves 2-4 pair
- ◆ Small bottle of Lysol
- ◆ Face masks 2-4 extra to give to others or if yours get dirty.
- ◆ Lysol wipes - to wipe down hard surfaces
- ◆ Hand sani-wipes - not the same as above. The package specifically state hand sanitizer wipes.
- ◆ Carry sandwich bags with zip lock to discard used wipes, masks, or gloves until you can throw them away
 - DO NOT REUSE sandwich bag.

FAMILY Reminders:

Review your “FAMILY BUBBLE” precautions; be mindful and intentional of safety and health boundaries as we maneuver through this next season.

- ◆ Covid and flu vaccines for the *entire* family
- ◆ Monitor family gatherings for attendees current status
- ◆ Travel by airline, train or vehicle
- ◆ Schools reopening and holiday break
- ◆ College students returning home
- ◆ Returning to work
- ◆ Holiday shopping
